Assessment Average:

Are marks within the expected bands for this level? Yes X No □
(NOT required for resit examinations and examinations with less than five submissions)

Chief's Report (Exams and Coursework, published to students and external examiners – NOT required for resit examinations)

- Brief discussion (if necessary) as to why marks are outside expected range.
- Cohort feedback: What went well? What were the common errors or misunderstandings?

Overall, the students answered both questions well. Mistakes in Q1 were generally numerical and related to the use of the stub. In Q2 students mainly struggle in the last section, and many failed to derive a correct expression to relate Vout to Pin.
